NISSAN ROADSIDE ASSISTANCE

Your peace of mind is on us. For 36 months or 36,000 miles, whichever comes first, your new Nissan is covered for the following:¹

- Flat-tire changes
- Towing service
- Trip Interruption benefits
- Vehicle lockouts
- Out of charge

Innovation that excites

Follow Nissan on:

TAKE ON your drive with all energy, no exhaust. Wake up fully charged, and get where you're going with swift power out of the gate. Change course: Take the scenic route, and go farther with confidence. Embrace the future in America's best-selling fully electric vehicle.¹ Now with a newly standard, longer range than ever.² The 2017 Nissan LEAF.[®] It's time to enjoy **AN ELECTRIFYING RIDE.**

Nissan LEAF[®] SL shown in Pearl White.

¹Source of data: InsideEVs.com Cumulative Sales Data (December 2010–August 2016). ²Targeted 2017 EPA range of 107 miles estimate for 2017 Nissan LEAF[®] based on Nissan internal testing results, subject to EPA confirmation. EPA data of fuel economy estimates not available at time of publication. Actual mileage may vary with driving conditions — use for comparison only.

STEP UP TO MORE RANGE THAN EVER

LEAF® is all about progress. Now you can enjoy a larger standard battery with a longer range than ever before.

UP TO
107 MILE RANGE¹ | **30 kWh BATTERY**

Your home dock will be your primary charging station, but you've got options:

Normal Charge – 240-volt charging dock:

LEAF S (with Quick Charge Package), SV, and SL charge in as little as 6 hours – perfect for an overnight charge that leaves you energized.²

Quick Charge – DC fast-charge station:

Available Quick Charge port lets you reach 80% charge in about 30 minutes.² Do your shopping, come back out, and you're good to go.

Opportunity Charge – 110/120-V cable:

Every LEAF comes with an opportunity-charge cable. The slowest way to go but works in a pinch.³

Public Charge Availability:

With approximately 30,000 public charging stations currently available, we're constantly working with government and private companies to expand private charging networks.⁴

Download the free LEAF EZ-ChargeSM app to find a station near you.⁴ Available in the iTunes® and Android® app stores.

¹Targeted 2017 EPA range of 107 miles estimate for 2017 Nissan LEAF® based on Nissan internal testing results, subject to EPA confirmation. EPA data of fuel economy estimates not available at time of publication. Actual mileage may vary with driving conditions – use for comparison only. ²Approximate time. Charge times may vary depending on temperature, age of battery, quick charger used, and other conditions. Quick Charge charging networks are third party owned, not within Nissan's control. Availability of charging stations not guaranteed. ³Use only a 110–120 volt, 15-amp dedicated outlet for charging. ⁴Public charging networks are third party owned, not within Nissan's control. Availability/accessibility of charging stations is not guaranteed. EZ-ChargeSM is a service mark of NRG EV Services LLC. 100% TORQUE – INSTANT FUN

Say “hello” to your seatback – Nissan LEAF’s 100% torque off the line introduces you instantly. Its acceleration brings a fun, new kick to your everyday to-do list. And the LEAF’s low center of gravity means curve-hugging and easy control in the driver’s seat.

THE PERKS YOU DESERVE

Power up your LEAF® and you’re greeted with an impressive level of comfort. Inside, you’ll enjoy the available Bose® premium audio system. And standard heated front seats keep you cozy, while available black leather-appointed seats are a sleek touch that top it all off.

Room for five

Heated front and rear seats³

LEAF EZ-CHARGESM APP

The LEAF EZ-Charge app gives you access to the most accurate and complete public charging station maps available. You can filter results by charging network and charger type. Need a fast boost? Pinpoint the closest DC Quick chargers, delivering an 80% charge in 30 minutes or less, at your fingertips?

THE FUTURE LOOKS LIKE THIS

¹NissanConnectSM EV requires compatible GSM/GPRS cellular network provided by independent cellular companies not within Nissan's control. Cellular network not available in all areas and/or available at all times. In areas with network coverage, signal strength may vary and/or not be available at all times. Technology is evolving, and changes to cellular networks or other third party changes may affect future NissanConnectSM EV functionality. Should a third party provider terminate/further restrict network service, NissanConnectSM EV service may be suspended or terminated without notice or liability to Nissan and/or its agents or affiliates. Like other devices that rely on network coverage, once the network is terminated, NissanConnectSM EV will not function unless equipment replacements, upgrades, or alternative network coverage are available at that time, which Nissan cannot guarantee. Nissan is not responsible for associated costs that may be required for continued

²Quick Charge charging networks are third party owned, not within Nissan's control. Availability of charging stations not guaranteed. Charge times may vary depending on temperature, age of battery, quick charger used, and other conditions. ³Rear heated seats available on SL trim only. Bose® is a registered trademark of The Bose Corporation. EZ-ChargeSM is a service mark of NRG EV Services LLC.

¹Targeted 2017 EPA range of 107 miles estimate for 2017 Nissan LEAF[®] based on Nissan internal testing results, subject to EPA confirmation. EPA data of fuel economy estimates not available at time of publication. Actual mileage may vary with driving conditions — use for comparison only. ²VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. ³Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. ⁴Availability of specific features is dependent upon the phone's Bluetooth[®] support. Please refer to your phone Owner's Manual for details. Bluetooth[®] word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license. See NissanUSA.com/bluetooth for details. ⁵Use the text messaging feature after stopping your vehicle in a safe location. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Compatible smartphone required. Text rates and/or data usage may apply. ⁶Driving is serious business and requires your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. External device not included. ⁷Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. All children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents; see your Owner's Manual for more details. ⁸TPMS is not a substitute for regular tire pressure checks. ⁹Vehicle must be on for the Easy-Fill Tire Alert to operate. ¹⁰Faster estimated charge time based with 240-volt charging dock and 6.6 kW onboard charger, which is standard on all trims except S. Charge times may vary. ¹¹Driving is serious business. Only use features when safe to do so. App availability is dependent upon vehicle model, trim level, packaging, and/or options. See NissanUSA.com/connect for complete app availability details. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. Compatible smartphone required. Cellular network and GPS signals not available in all areas and/or at all times. Technology is evolving, and changes by independent companies are not within Nissan's control. Nissan is not responsible for associated costs that may be required for continued operation due to cellular network termination (including equipment upgrades, if available, or roaming charges on alternative networks) or other third party changes. Should a third party provider terminate/restrict service, service may be terminated without notice and with no liability to Nissan and its agents or affiliates.

Subscription Agreement required and terms and conditions of Subscription Agreement apply. See NissanUSA.com/connect for details. Text rates and/or data usage may apply. ¹²NissanConnectSM EV requires compatible GSM/GPRS cellular network provided by independent cellular companies not within Nissan's control.
