

REQUEST FOR PROPOSALS FOR COMMERCIAL PROPERTY ASSESSED CLEAN ENERGY PROGRAM SERVICES

I. DEFINED TERMS

Capitalized terms which are not defined herein shall have the meaning ascribed to them in the Connecticut Green Bank (“Green Bank”) Program Guidelines (“Program Guidelines”) for the Commercial Property Assessed Clean Energy Program (“C-PACE”). An updated draft of the Program Guidelines was recently published by Green Bank for public comment and may be found here: <https://ctgreenbank.com/cpacecomment/>.

II. PURPOSE

Green Bank seeks proposals from qualified firms and individuals (each being a “Respondent”) to provide some or all of the following services for C-PACE:

- Contractor recruitment and training to expand and maintain the C-PACE Qualified Contractor base;
- Technical review of projects to ensure consistence with program Technical Standards and performance requirements (e.g. Savings to Investment Ratio (“SIR”) test or whole-building energy performance modeling);
- Measurement and verification of energy savings from C-PACE funded projects;
- Technical and sales support for C-PACE stakeholders;
- Technical support to the Green Bank for administration of C-PACE;
- C-PACE project commissioning oversight; and
- Performance insurance or guaranty for certain C-PACE projects.

III. GREEN BANK BACKGROUND

The Green Bank was established by Connecticut’s General Assembly on July 1, 2011 as a quasi-public agency that superseded the former Connecticut Clean Energy Fund. The Green Bank’s vision is to lead the green bank movement by accelerating private investment in clean energy deployment for Connecticut in order to achieve economic prosperity, create jobs, promote energy security, and address climate change. The Green Bank leverages public and private funds to drive investment and accelerate clean energy deployment in Connecticut while creating jobs and supporting local economic development. For more information about Green Bank, please visit www.ctgreenbank.com.

IV. PROGRAM BACKGROUND

In 2012, the Connecticut legislature passed Public Act 12-2, codified in Connecticut General Statutes Section 16a-40g, which authorized the commercial sustainable energy program more commonly known as C-PACE. This legislation also authorized the Green Bank to administer C-PACE and establish program guidelines for the implementation of the program.

C-PACE is a financing program that allows qualifying commercial real property owners to access financing to undertake qualifying energy efficiency and clean energy improvements on their buildings and repay the investment through an additional charge/assessment along with their real property tax bill. Similar to a sewer assessment, projects financed through C-PACE are secured by a benefit assessment lien on the improved real property. C-PACE is available to commercial

and industrial properties (including those owned by not-for-profit entities), as well as to multifamily properties with five or more units.

C-PACE is a non-accelerating, senior lien secured by the property. The repayment obligation transfers automatically to the next owner if the property is sold and in the event of default, only the payments in arrears come due. This arrangement spreads the cost of clean energy improvements – such as energy efficient boilers, upgraded insulation, new windows, or solar installations – over the expected life of the measure. Because the payment is tied to the property's real property tax billing, a secure payment stream, C-PACE projects are less risky than typical unsecured commercial loans, and low interest capital can be raised from the private sector with little or no government financing required.

Benefit Assessments are a familiar tool which municipalities levy on real estate parcels to finance projects including street paving, water and sewer systems, and street lighting. C-PACE builds on a long history of using such benefit assessments and serves a public purpose through reducing energy costs, stimulating the economy, improving property valuation, reducing greenhouse gas emissions and creating jobs. C-PACE is a proven and effective tool to attract private capital into the clean energy and energy efficiency market.

C-PACE requires that the projected energy savings combined with projected associated savings of a project must exceed the projected financing cost. In other words, the SIR of the project must be greater than one. To demonstrate that SIR requirement has been satisfied the project must be reviewed and approved by an approved, independent technical reviewer.

IV. SCOPE OF SERVICES

The Green Bank seeks the following services to assist in its role as both administrator of the C-PACE program and a capital provider. It is preferable for a respondent to provide all the services, either as a single entity or multiple entities responding as a team. However, respondents may propose to provide services for one or multiples of the scope of services requested.

1. Contractor Recruitment and Training
 - Work with the Green Bank to conduct training sessions and provide training materials for contractors to use C-PACE financing
 - Identify new potential contractors who may be Qualified Contractors
 - Perform outreach to contractors to promote training and C-PACE financing
 - Offer ongoing training and educational opportunities for C-PACE contractors, especially on topical issues or to add value for engaged contractors (preferable, but not required)
2. Project Technical Review
 - Work with the Green Bank and contractors/developers/building owners to collect and store project technical data
 - Establish a building's representative energy consumption baseline
 - Validate the reasonableness of project costs and energy savings projections
 - Confirm SIR of the project and verify it is greater than 1, in accordance with the Technical Standards
 - For New Construction Pilot projects
 - Review total project construction cost and determine C-PACE Total Eligible Construction Costs

- Validate inputs and outputs for whole building energy performance models and verify as-designed exceedance beyond energy code requirements
 - Verify that such cost and savings projections were developed in accordance with the Technical Standards
- 3. Measurement and verification of energy savings from C-PACE funded projects
 - Provide a platform for C-PACE to:
 - Collect post-retrofit energy performance data
 - Compare projected energy performance to actual energy performance
 - Report data for actual energy and estimated financial performance on a regular basis
- 4. Technical and sales support for C-PACE stakeholders
 - Work with contractors and developers to identify project opportunities
 - Work with contractors, developers, and building owners as necessary to assist with technical aspects of project development
 - Provide tools such as calculators or presentation materials that can be white labeled to assist contractors in delivering project proposals
 - Provide assistance to contractors in educating building owners about C-PACE
- 5. Technical support to the Green Bank for administration of C-PACE
 - Serve as Green Bank's Technical Administrator for C-PACE. The Technical Administrator conducts technical review of certain Green Bank or 3rd party funded projects, helps establish and maintain C-PACE's Technical Standards which energy auditors and contractors follow in developing C-PACE projects, and other responsibilities as outlined in the Program Guidelines.
- 6. Project Commissioning Oversight
 - Visit Green Bank-funded C-PACE project sites to verify that the equipment installed is as specified in the project proposal
 - Confirm the system's capability to perform according to its specifications
 - Provide a report to the Green Bank on the findings
- 7. Performance Insurance or Guaranty
 - Provide an energy performance guaranty or insurance for Green Bank-funded C-PACE projects to cover shortfalls in energy savings

(1) The contractor agrees and warrants that in the performance of the contract such contractor will not discriminate or permit discrimination against any person or group of persons on the grounds of race, color, religious creed, age, marital status, national origin, ancestry, sex, mental retardation, mental disability or physical disability, including, but not limited to, blindness, unless it is shown by such contractor that such disability prevents performance of the work involved, in any manner prohibited by the laws of the United States or of the state of Connecticut; and the contractor further agrees to take affirmative action to insure that applicants with job-related qualifications are employed

and that employees are treated when employed without regard to their race, color, religious creed, age, marital status, national origin, ancestry, sex, mental retardation, mental disability or physical disability, including, but not limited to, blindness, unless it is shown by such contractor that such disability prevents performance of the work involved;

(4) The contractor agrees to comply with each provision of this section and sections 46a-68e and 46a-68f and with each regulation or relevant order issued by said commission pursuant to sections 46a-56, 46a-68e and 46a-68f; and

(5) The contractor agrees to provide the Commission on Human Rights and Opportunities with such information requested by the commission, and permit access to pertinent books, records and accounts, concerning the employment practices and procedures of the contractor as relate to the provisions of this section and section 46a-56."

Conn. Gen. Stat. § 4a-60a(a):

"Every contract to which the state or any political subdivision of the state other than a municipality is a party shall contain the following provisions:

(1) The contractor agrees and warrants that in the performance of the contract such contractor will not discriminate or permit discrimination against any person or group of persons on the grounds of sexual orientation, in any manner prohibited by the laws of the United States or of the state of Connecticut, and that employees are treated when employed without regard to their sexual orientation;

(2) The contractor agrees to provide each labor union or representative of workers with which such contractor has a collective bargaining agreement or other contract or understanding and each vendor with which such contractor has a contract or understanding, a notice to be provided by the Commission on Human Rights and Opportunities advising the labor union or workers' representative of the contractor's commitments under this section, and to post copies of the notice in conspicuous places available to employees and applicants for employment;

Nondiscrimination Certification. Consultant represents and warrants that, prior to entering into this Agreement, Consultant has provided Green Bank with documentation evidencing Consultant’s support of the nondiscrimination agreements and warranties of the statutory nondiscrimination sections, above. A form of the Nondiscrimination Certification to be signed by the Consultant is attached.

Campaign Contribution Restrictions. For all state contracts, as defined in Conn. Gen. Stat. § 9-612(g)(1)(C), having a value in a calendar year of \$50,000 or more or a combination or series of such agreements or contracts having a value of \$100,000 or more, the authorized signatory to this Agreement expressly acknowledges receipt of the State Elections Enforcement Commission’s notice advising state contractors of state campaign contribution and solicitation prohibitions, and will inform its principals of the contents of the notice. See <http://www.ct.gov/dpw/lib/dpw/Form11SEEC.pdf>.

Occupational Safety and Health Act Compliance. Consultant certifies it (1) has not been cited for three or more willful or serious violations of any occupational safety and health act or of any standard, order or regulation promulgated pursuant to such act, during the three-year period preceding the date of the Agreement, provided such violations were cited in accordance with the provisions of any state occupational safety and health act or the Occupational Safety and Health Act of 1970, and not abated within the time fixed by the citation and such citation has not been set aside following appeal to the appropriate agency or court having jurisdiction or (2) has not received one or more criminal convictions related to the injury or death of any employee in the three-year period preceding the date of the Agreement.

Consulting Agreements. Consultant hereby swears and attests as true to the best knowledge and belief that no consulting agreement, as defined in Conn. Gen. Stat. § 4a-81, has been entered into in connection with this Agreement. Contractor agrees to amend this representation if and when any consulting agreement is entered into during the term of the Contract. See Affidavit Regarding Consulting Agreements, attached.

15. Limitation on Recourse. All liabilities and obligations of Green Bank under this Agreement are subject and limited to the funding available under Connecticut law.

16. Available Funding. Green Bank shall not be obligated to provide payment or any portion of the payment under this Agreement if there are insufficient funds for such purpose because of any legislative or regulatory action expressly curtailing, reducing, or eliminating Green Bank funding.

17. Freedom of Information Act. Green Bank is a “public agency” for purposes of the Connecticut Freedom of Information Act (“FOIA”). This Agreement and information received pursuant to this Agreement will be considered public records and will be subject to disclosure under the FOIA, except for information falling within one of the exemptions in Conn. Gen. Stat. Sections § 1-210(b) and § 16-245n(d).

Because only the particular information falling within one of these exemptions can be withheld by Green Bank pursuant to an FOIA request, Consultant should specifically and in writing identify to Green Bank the information that Consultant claims to be exempt. Consultant should further provide a statement stating the basis for each claim of exemption. It will not be sufficient to state generally that the information is proprietary or confidential in nature and not, therefore, subject to

release to third parties. A convincing explanation and rationale sufficient to justify each exemption consistent with General Statutes §1-210(b) and § 16-245n(d) must be provided.

Consultant acknowledges that (1) Green Bank has no obligation to notify Consultant of any FOIA request it receives, (2) Green Bank may disclose materials claimed by Consultant to be exempt if in its judgment such materials do not appear to fall within a statutory exemption, (3) Green Bank may in its discretion notify Consultant of FOIA requests and/or of complaints made to the Freedom of Information Commission concerning items for which an exemption has been claimed, but Green Bank has no obligation to initiate, prosecute, or defend any legal proceeding, or to seek to secure any protective order or other relief to prevent disclosure of any information pursuant to an FOIA request, (4) Consultant will have the burden of establishing the availability of any FOIA exemption in any such legal proceeding, and (5) in no event shall Green Bank or any of its officers, directors, or employees have any liability for the disclosure of documents or information in Green Bank's possession where Green Bank, or such officer, director, or employee, in good faith believes the disclosure to be required under the FOIA or other law.

18. Execution and Facsimile. This Agreement may be executed in any number of counterparts (including those delivered by facsimile or other electronic means), and each of such counterparts shall for all purposes be deemed to be an original; and all such counterparts, shall together constitute but one and the same agreement.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the day and year first above written.
