Customer Story

The West Lane Inn Warms up to Sustainability

Christine Carnicelli and Danille Petrie, owners of The West Lane Inn, were searching for solutions to initiate energy savings while prioritizing the comfort levels of their guests.

C-PACE financing enabled Christine Danille to upgrade their energy efficiency with more modern systems that still maintained the rustic appeal of their inn. With their up-to-date heat pump system, The West Lane Inn ensures an optimal stay for the guests and energy savings for the owners.

Location

The West Lane Inn • Ridgefield, CT

Energy Upgrade

Heat Pumps replaced old oil burning equipment

C-PACE Financing*

\$98,841 over 10 years

Projected Energy Savings

\$129,914 over the life of the upgrades

*While C-PACE can cover up to 100% of project costs, the C-PACE financing amount is not reflective of the total project cost, which may include owner contributions, incentives, utility or other grants, renewable energy credits or other funding.

“When guests come to stay at our inn, we want them to have the most relaxing, cozy experience possible. By adding a new heat pump system, we are able to keep rooms comfortable all year long. The new system is also more energy efficient, and better for the environment, which fits with Ridgefield’s country surroundings.” —Christine Carnicelli, Co-Owner of The West Lane Inn
