

## c-pace

### Customer Story

### Enko Chem grows their commitment to clean energy.

**The team at Enko applies AI and machine learning to speed the discovery of new, sustainable, planet friendly molecules to help farmers improve yields and combat their biggest crop threats, from pest resistance to new diseases.** Innovative science and a commitment to the environment infuse Enko's work. The company wanted to upgrade its Mystic facility with a comprehensive clean energy program that reflected its commitment to sustainability. C-PACE was able to deliver the low-cost financing to make it happen.

#### Location

Enko Chem • Mystic, CT

#### Energy Upgrade

Lighting, HVAC, and solar

#### C-PACE Financing\*

\$3.6 million over 10 years

#### Projected Energy Savings

\$10 million and other incentives over the life of the upgrades

\*While C-PACE can cover up to 100% of project costs, the C-PACE financing amount is not reflective of the total project cost, which may include owner contributions, incentives, utility or other grants, renewable energy credits or other funding.

"We are pleased with the package that the Connecticut Green Bank has helped us to implement. Clean, efficient energy is critical to healthy, sustainable communities. Enko is passionate about being part of the change."

Jacqueline Heard Ph.D., MBA  
Enko's Co-founder and CEO
