May 31, 2024

Dear Connecticut Green Bank Budget, Operations, & Compensation Committee:

We hope you are well. We have a meeting of the Budget, Operations, & Compensation Committee scheduled for Wednesday, June 5th, 2024 from 2:00-3:30 PM. This meeting will be held in our Hartford Headquarters and online.

On the agenda we have the following items:

- Meeting Minutes review and approval of the meeting minutes for January 17, 2024
- **FY 2025 Comprehensive Plan and Budget** We have condensed our budget process this year and will aim to review targets, revenues, and expenses all at this next meeting. Enclosed in this mailing are:
  - a. FY2024 Budget and Targets Memo
  - b. Targets PDF (a more readable version of the charts in the memo)
  - c. The proposed FY 2025 consolidated budget

We will be looking for the committee to make a recommendation to the board at the end of this meeting.

If you have any questions, comments or concerns, please feel free to contact us at any time. We look forward to seeing you next week.

Sincerely,

Eric Shrago

Vice President of Operations

En N. Shan

### **AGENDA**

Budget, Operations, & Compensation Committee of the Connecticut Green Bank 75 Charter Oak Ave Hartford, CT

> Wednesday, June 5, 2024 2-3:30 PM

Staff Invited: Mackey Dykes, Brian Farnen, Bryan Garcia, Sergio Carillo, Bert Hunter, Jane Murphy, Eric Shrago, and Leigh Whelpton

- 1. Call to order
- 2. Public Comments 5 minutes
- 3. Approve Meeting Minutes for January 17, 2024 Regular Meeting\* 5 minutes
- 4. FY 2025 Budget and Targets\*\* 80 minutes
- 5. Adjourn

### Resolutions

Budget, Operations, & Compensation Committee of the Connecticut Green Bank 75 Charter Oak Ave Hartford, CT

> Wednesday, June 5, 2024 2-3:30 PM

Staff Invited: Mackey Dykes, Brian Farnen, Bryan Garcia, Sergio Carillo, Bert Hunter, Jane Murphy, Eric Shrago, and Leigh Whelpton

- 1. Call to order
- 2. Public Comments 5 minutes
- 3. Approve Meeting Minutes for January 17, 2024 Regular Meeting\* 5 minutes

#### Resolution #1

Motion to approve the minutes of the Budget, Operations & Compensation Committee meeting for January 17, 2024.

Second. Discussion. Vote

4. FY 2025 – Budget and Targets\*\* – 80 minutes

#### **Resolution 2:**

WHEREAS, Section 5.2.2 of the Bylaws of the Connecticut Green Bank's requires the recommendation of the Budget, Operations, and Compensation Committee of the annual budget to the Connecticut Green Bank Board of Directors;

**RESOLVEDWHEREAS**, the Budget, Operations, and Compensation Committee recommends that the Board of Directors authorizes Green Bank staff to enter into new or extend existing professional services agreements (PSAs) with the following, contingent upon a competitive bid process having occurred in the last three years (except Inclusive Prosperity Capital and Carahsoft):

- I. New Charter Technologies, LLC
- II. Alter Domus (formerly Cortland)

- III. Inclusive Prosperity Capital
- IV. DNV
- V. Guidehouse (formerly Navigant) (2)
- VI. PKF O'Connor Davies
- VII. CliftonLarsonAllen
- VIII. C-TEC Solar, LLC
  - IX. GO, LLC
  - X. Craftsman Technologies
- XI. Strategic Environmental Associates
- XII. Carahsoft
- XIII. AEC Solar
- XIV. DCS
- XV. AlsoEnergy
- XVI. Sourceone

For fiscal year 2025 with the amounts of each PSA not to exceed the applicable approved budget line item.

NOW, therefore be it:

**RESOLVED**, that the Budget Operations, and Compensation Committee Green Bank Board hereby recommends approval to the Board of Directors the: (1) the FY2025 Targets and Budget, and (2) the PSAs with the 44-strategic partners set forth above.

- 5. Adjourn
- \*Denotes item requiring Committee action
- \*\* Denotes item requiring Committee action and recommendation to the Board for approval

## BUDGET, OPERATIONS, AND COMPENSATION COMMITTEE OF THE CONNECTICUT GREEN BANK

Regular Meeting Minutes

Wednesday, January 17, 2024 2:00 p.m. – 3:30 p.m.

A regular meeting of the Budget, Operations, and Compensation Committee of the **Connecticut Green Bank (the "Green Bank")** was held on January 17, 2024.

Committee Members Present: John Harrity, Robert Hotaling, Lonnie Reed

Committee Members Absent: Adrienne Houël, Brenda Watson

Staff Attending: Shawne Cartelli, Emma Ellis, Brian Farnen, Cheryl Lumpkin, Jane Murphy, Ariel Schneider, Eric Shrago, Dan Smith, Leigh Whelpton

Others present: none

#### 1. Call to Order

• John Harrity called the meeting to order at 2:06 pm.

#### 2. Public Comments

No public comments.

#### 3. Approve Meeting Minutes from June 7, 2023

#### Resolution #1

Motion to approve the meeting minutes of the Budget, Operations, and Compensation Committee from the meeting on June 7, 2023.

Upon a motion made by Robert Hotaling and seconded by Lonnie Reed, the Budget, Operations, and Compensation Committee voted to approve Resolution 1. None opposed or abstained. Motion approved unanimously.

#### 4. FY 2024 – Targets and Budget

- Eric Shrago explained that the overall the number of projects is being increased but the investment total and MW deployed are being decreased. That is because the projects are expected to be Smart-E and non-solar, (there is not a capacity target associated with those projects). He continued to explain the details for Financing programs, which includes a robust C-PACE pipeline. He advised that the PPA targets would decrease as well.
  - o Robert Hotaling asked about the impact of inflation and whether there may be an effect of depressing the number of projects, and regarding concerns about IRA fund flows affected by the upcoming Presidential election. Eric Shrago stated the reports and forecasts are just through the end of the current fiscal year, and he does not believe the reduced update of projects is not related to inflation concerns. He noted that the IRA legislation also states the funds need to be delivered by Fall 2024.
  - o Robert Hotaling asked if the flow of funds ramps up is there a team in place to handle that to reduce obstacles. Eric Shrago responded there is work in progress to do that and the teams are working hard to get money out the door. The Green Bank is aware of the potential need to scale up and is prepared to act but does not want to overcommit to it at this time in case something were to change.
  - O Robert Hotaling asked in relation to the GGRF, because the Green Bank has been designated as an administrator, will that impact the team in terms of dedicating them to that. Eric Shrago responded he does not believe so and instead there may be a GGRF contact person to work with others in New England to make sure that the funds are transferred.
  - o John Harrity asked for clarification when applications for funds were submitted, they were for specific projects. Eric Shrago responded that yes, there are not hyperspecific projects but there are designated spaces and types of projects that funds were applied for.
  - Robert Hotaling asked for clarification about the reduction in investment and megawatt output. Eric Shrago responded that it is because of what projects will be completed within the fiscal year or not, due to a variety of reasons such as legal holdups.
- Eric Shrago summarized the changes to the Incentive Program targets which will have a project number increase, an investment decrease, and a capacity decrease mostly driven by a Smart-E project uptake. He noted a funding issue from Capital For Change which impacted contractors.
  - Robert Hotaling asked if there is a long-term risk posed by the Capital For Change situation. Eric Shrago answered that the Green Bank is already looking into getting more lenders.
  - o Robert Hotaling asked about the typical onboarding process for regional lenders. Eric Shrago responded the process is pretty quick, typically around 3 months, though it could take longer in some cases.
  - o Robert Hotaling asked if the Green Bank is planning to replace Capital For Change with additional regional lenders due to them leaving the regional portfolio. Eric Shrago responded that yes, that is a fair statement and that there is lots of change coming to Smart-E and overall there should be growth in the programs.
  - Eric Shrago summarized the changes to the budget including Revenues and Expenses.
    - o Robert Hotaling asked regarding the R&D piece for the Recycling Survey, what the ETA is for the completion of the report as well as the intended audience. Eric Shrago responded it was done in conjunction with DEEP and the audience is predominantly the Green Bank and DEEP to deal with assets appropriately as they age.
    - Robert Hotaling asked about the economics of equipment recycling or a supply chain initiative. Leigh Whelpton responded that those ideas relate to the new expanded

authority of the Green Bank on Environmental Infrastructure, and is one of the three pillars of strategy into Waste & Recycling.

- Eric Shrago summarized the remaining Budget changes to Expenses in relation to Incentive Programs.
  - O With Regard to Smart-E Robert Hotaling asked how the balance of not outsourcing core competency is balanced for the next fiscal year. Eric Shrago responded that it is the reason for adding the position to manage the growth of new measures including for the GGRF and Environmental Infrastructure, similar to the existing clean energy measures managed by IPC.
- Eric Shrago explained the change to the Salary Bands, which includes adding in a new band after receiving some advice from an HR consultant, to differentiate between the Officers and Executive Vice Presidents. This would adjust for some staff which have gone over the maximum for their bands.
  - John Harrity stated that none of the Green Bank employees appear in the list of the top 100 highest paid State employees, which is good.
- Eric Shrago reviewed the proposed changes to the Strategic Partners to increase the NTE amounts for two partners.

#### Resolution #2

**WHEREAS,** Section 5.2.2 of the Bylaws of the Connecticut Green Bank's requires the recommendation of the Budget, Operations, and Compensation Committee of the annual budget

to the Connecticut Green Bank Board of Directors;

**NOW**, therefore be it:

**RESOLVED,** that the Budget Operations, and Compensation Committee Green Bank Board

hereby recommends approval to the Board of Directors the: (1) the revised FY2024 Targets and Budget, and (2) extend the professional services agreements (PSAs) with the aforementioned strategic partners for fiscal year 2024 with the amounts of each PSA not to exceed the applicable approved budget line item.

Upon a motion made by Robert Hotaling and seconded by Lonnie Reed, the Budget, Operations, and Compensation Committee voted to approve Resolution 2. None opposed or abstained. Motion approved unanimously.

#### 5. Adjourn

Upon a motion made by Lonnie Reed and seconded by Robert Hotaling, the Budget, Operations, and Compensation Committee Meeting adjourned at 3:01 pm.

Respectfully submitted,

John Harrity, Chairperson

75 Charter Oak Avenue, Suite 1 - 103, Hartford, CT 06106 T 860.563.0015 ctgreenbank.com

## Memo

**To:** Connecticut Green Bank Budget, Operations, and Compensation Committee

From: Bryan Garcia (President and CEO), Jane Murphy (Executive Vice President of Finance

and Administration), Dan Smith (Associate Director of Finance and Administration), and

Eric Shrago (Vice President of Operations)

**Date:** May 31, 2025

Re: Proposed FY2025 Targets and Budget

As you are all aware, this spring the Green Bank learned that we were part of three winning coalitions for the Greenhouse Gas Reduction Fund competitions. Our years of preparation and hard work paid dividends, and the organization is well positioned to facilitate the expansion into all communities in Connecticut. The team, after much stakeholder engagement, has expanded CPACE and Smart-E to include some resilience measures. Two years into the Energy Storage Solutions Program, we are outpacing commercial targets and still working to grow the nascent residential storage market. The Green Bank Solar PPA is joined by a tariff backed loan product providing options to property owners in the Commercial, Industrial, and Institutional sector. Our Marketplace Assistance Program for the PPA is growing to include affordable multifamily properties in addition to municipalities. We are looking at exciting new areas for investment, including EV busses and resilience hubs, while looking to expand our Capital Solutions RFP to include Environmental Infrastructure. Between these undertakings, along with our continued efforts to reduce energy burden on vulnerable communities, we are looking at many exciting developments this upcoming fiscal year.

After careful consideration, stakeholder engagement, and reflection staff have constructed the below targets and supporting budget for the upcoming fiscal year.

#### I. Targets

The Green Bank has proposed the following targets for each sector's programs for the upcoming fiscal year:

**Table 1: Financing Programs Targets** 

			Targets													
Segment	Product	uct Channel			Total Capital Deployed	CGB Capital Committed		CGB Capital Disbursed		NCIF Committed		SFA Committed		Capacity Installed		
	CPACE	Total CPACE	23	\$	32,200,000	\$	14,700,000	\$	11,380,000	\$	2,500,000	\$	-	-		
		Municipal MAP PPAs/Loans	1	\$	1,857,520					\$	7,500,000			0.870		
Marketplace	Marketplace	State MAP PPAs/Loans	1	\$	10,700,000	\$	6,420,000							5.000		
	Assistance Program	Multifamily MAP PPAs/Leases/Loans	6	\$	4,800,000	\$	4,800,000			\$	5,000,000	\$	25,000,000	1.600		
		Total MAP	8	\$	17,357,520	\$	11,220,000	\$	3,000,000	\$	12,500,000	\$	25,000,000	7.470		
Financing Programs	PPA	Total PPA	14	\$	9,242,000	\$	4,328,000	\$	2,300,000					-		
		Tariff Backed Loan														
		SBEA	518	\$	12,600,000	\$	2,520,000	\$	2,520,000							
		Multi-Family Pre-Dev												-		
		Multi-Family Term (LIME)														
		Financing Programs Total			71,399,520		32,768,000		19,200,000		15,000,000		25,000,000	7		

**Table 2: Incentive Programs Targets** 

				Targets

	Green Bank Total	2,402	\$143,911,715.15	\$78,048,000.00	\$44,048,100.00	\$40,000,000.00	\$43,050,000.00	23.89						

Please note that a larger version of these targets is included in the Targets PDF

#### II. Proposed Green Bank FY 2025 Operating and Program Budget

Enclosed is the proposed Green Bank's FY 2025 budget for review and discussion at the June 5<sup>th</sup> meeting.

#### Revenues:

Revenue for the FY 2025 budget is forecast to be \$67,194,252. This estimate includes public revenues (utility customer assessments and RGGI auction proceeds) and earned revenues (interest income, REC sales, grants, and closing fees). The public revenues are \$29,101,700, or 43% of total revenues – while the earned revenues are \$38,447,552, or 57% of total revenues. This is a significant increase in earned revenues, marking our highest forecast earned revenues yet.

On the Revenue Schedules, please note the following items:

- Utility Customer Assessments This is money that comes from the 1 mil that ratepayers pay into the Connecticut Clean Energy Fund. The YOY decrease of 2% is due to the forecast of energy demand through next fiscal year. These funds decrease every year due to decreased demand of electricity as more clean energy is deployed in the state.
- RGGI Auction Proceeds The Green Bank receives 23% of the proceeds from the Regional Green House Gas Initiative Auctions for tradeable discharge permits each quarter. While overall proceeds will increase, there was a statutorily emplaced cap on the Green Bank's proceed at \$5.2 million and the overage will go to fund electric vehicle rebates through the CHEAPR program.
- Interest Income This comes from the repayment to the Green Bank from borrowers for our projects such as CPACE, project finance loans, etc. The 18% increase YOY is due to increased loan volumes closed in FY24.
- Grant Income The Green Bank expects various grants in FY25 including ones from the Department of Economic and Community Development and an initial draw on winnings from the Environmental Protection Agency's Greenhouse Gas Reduction Fund.
- REC Sales The Green Bank produces approximately 60,000 Renewable Energy Certificates from pre-SHREC, yet to be tranched RSIP projects, and RSIP projects that were part of the RSIP-Extension annually and is subject to the market price for the certificates. Staff actively follow the REC markets and enter into contracts to sell these RECs in order to optimize the income from them. Current market demand for RECs is robust and we are monetizing our REC Inventory.
- REC Sales (SHREC) The SHRECs are Solar Home Renewable Energy Certificates owned by the Green Bank and designed to recoup the cost of the RSIP incentive and the administration of the RSIP program. The Green Bank sets the price for these with the utilities who have agreed to purchase them under our Master Purchase Agreement. We have a YOY decrease in SHREC income due to modeled degradation of systems.
- LREC/ZREC Income this comes from the credits earned by systems owned by the Green Bank. The decrease is due to bringing our forecasts in line with actuals from FY24.
- Other Income This includes other streams of income to the Green Bank from forward capacity markets sales and electric vehicle carbon credits.

#### **Expenses**

Projected operating expenses for FY2025 are forecast at \$ 32,160,629 – or \$19,552,328 for personnel (i.e., 73% Financing Programs, 19% Incentive Programs, and 8% Environmental Infrastructure Programs) and \$12,608,301 for non-personnel (i.e., 69% Financing Programs,24% Incentive Programs, and 7% Environmental Infrastructure Programs) related operating expenses. Year on year, expenses are increasing by 7%. The noteworthy year on year budget differences are:

- <u>Compensation and Benefits</u> increase of \$3,225,545 representative of 5 new positions (three new team members in financing programs, an additional member of the incentive programs team, and a new position focused on solar and storage contractor outreach).
- <u>Program Administration</u> is due to decrease by \$545,864 driven by the decreased use of powerclerk for RSIP, progress made on wireless meter replacements, and prior investments made in standing up energy storage solutions.
- **Program Administration (IPC Fee)** will decrease by 33% as per our agreements with Inclusive Prosperity Capital.
- Marketing we are forecasting a decrease of \$102,355 as we have decreased advertising and outreached focused on ESS to be more targeted.
- Evaluation, Measurement & Verification The decrease of \$445,004 is primarily due to decreased regulatory requests and support needed for ESS.
- <u>Research and Development</u> will increase by \$102,000 and help spark new efforts in Environmental Infrastructure, issuing Carbon Credits, leveraging Alternative Intelligence, and community engagement.
- Consulting and Professional Fees This is proposed to increase by \$147,269. This is driven primarily by two proposed expenses. The first is the need to do a new compensation study after the recent period of wage inflation to benchmark staff salaries and ensure that we are in-line with the market. It has been our practice to do these every 3-5 years and we are due for a new study in FY25. The second is a strategic technology consultant.
- Bond Issuance Costs As we do not intend to issue another SHREC backed municipal bond this year, we are not budgeting for any issuance costs at this time. Based off of where rates are, we will revisit this in January.
- **Grants and Incentives** are projected to be \$9,143,100 (11% increase YOY) for our existing programs while non-operating expenses (e.g., interest expense, provision for loan losses) are projected to be \$3,829,708 or a decrease of 2%.

#### Investments

This budget includes committing \$78,048,000 of Green Bank Capital to financing activity and disbursing \$44,048,100 in Green Bank Capital. This activity will deliver \$21M in interest income, or a weighted average return of 5% over 10 years.

We look forward to discussing this budget

#### **Resolution 2:**

**WHEREAS**, Section 5.2.2 of the Bylaws of the Connecticut Green Bank's requires the recommendation of the Budget, Operations, and Compensation Committee of the annual budget to the Connecticut Green Bank Board of Directors;

RESOLVEDWHERAS, the Budget, Operations, and Compensation
Committee recommends that the Board of Directors authorizes Green Bank staff to
enter into new or extend existing professional services agreements (PSAs) with the
following, contingent upon a competitive bid process having occurred in the last three
years (except Inclusive Prosperity Capital and Carahsoft):

- I. New Charter Technologies, LLC
- II. Alter Domus (formerly Cortland)
- III. Inclusive Prosperity Capital
- IV. DNV
- V. Guidehouse (formerly Navigant) (2)
- VI. PKF O'Connor Davies
- VII. CliftonLarsonAllen
- VIII. C-TEC Solar, LLC
- IX. GO, LLC
- X. Craftsman Technologies
- XI. Strategic Environmental Associates
- XII. Carahsoft
- XIII. AEC Solar
- XIV. DCS
- XV. AlsoEnergy
- XVI. Sourceone

For fiscal year 2025 with the amounts of each PSA not to exceed the applicable approved budget line item.

**NOW**, therefore be it:

**RESOLVED**, that the Budget Operations, and Compensation Committee Green Bank Board hereby recommends approval to the Board of Directors the: (1) the FY2025 Targets and Budget, and (2) the PSAs with the 44-strategic partners set forth above.

Sourceone	Financing Programs	$N^{(4)}$		Construction oversight for Department of Correction fuel cell	150,000	<u>-</u>
					\$ 10,379,960	\$ 6,225,665

<sup>(1)</sup> The Board of Directors of the Green Bank, per the Sustainability Strategy Pathway which was approved on December 15, 2017, reviewed and approved a series of agreements between the Green Bank and Inclusive Prosperity Capital on July 27, 2018, July 18, 2019, and June 26, 2020. Per the Comprehensive Plan of the Green Bank, IPC is a strategic partner of the organization.

<sup>(2)</sup> The Green Bank Board of Directors authorized a multi year PSA with Guidehouse for \$1 million in March of 2022. The above request is inclusive of the portion of that PSA that is expected to be spent in FY2025.

<sup>(3)</sup> We are licensing Salesforce and Pardot from Carahsoft unter a State of Connecticut agreement that expires on 9/15/2026

<sup>(4)</sup> Sourceone was selected by the CT Department of Correction to do the original feasibility assessment for a fuel cell installation and they have been the technical provider for the entire technical development process
